This diagram shows an exploded view of a mechanical assembly. The central component is a large, complex housing (1) with internal features like a fan or filter (2) and various mounting points (3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17). Surrounding this central unit are several smaller components: a rectangular plate (18) at the top left, a small bracket (19) below it, a long rectangular strip (20) to the left, a small rectangular plate (21) below that, a small rectangular plate (22) to the right, a small rectangular plate (23) below that, a small rectangular plate (24) to the right, a small rectangular plate (25) below that, a small rectangular plate (26) to the right, a small rectangular plate (27) below that, a small rectangular plate (28) to the right, a small rectangular plate (29) below that, a small rectangular plate (30) to the right, a small rectangular plate (31) below that, a small rectangular plate (32) to the right, a small rectangular plate (33) below that, a small rectangular plate (34) to the right, a small rectangular plate (35) below that, a small rectangular plate (36) to the right, a small rectangular plate (37) below that, a small rectangular plate (38) to the right, a small rectangular plate (39) below that, a small rectangular plate (40) to the right, a small rectangular plate (41) below that, a small rectangular plate (42) to the right, a small rectangular plate (43) below that, a small rectangular plate (44) to the right, a small rectangular plate (45) below that, a small rectangular plate (46) to the right, a small rectangular plate (47) below that, a small rectangular plate (48) to the right, a small rectangular plate (49) below that, a small rectangular plate (50) to the right, a small rectangular plate (51) below that, a small rectangular plate (52) to the right, a small rectangular plate (53) below that, a small rectangular plate (54) to the right, a small rectangular plate (55) below that, a small rectangular plate (56) to the right, a small rectangular plate (57) below that, a small rectangular plate (58) to the right, a small rectangular plate (59) below that, a small rectangular plate (60) to the right, a small rectangular plate (61) below that, a small rectangular plate (62) to the right, a small rectangular plate (63) below that, a small rectangular plate (64) to the right, a small rectangular plate (65) below that, a small rectangular plate (66) to the right, a small rectangular plate (67) below that, a small rectangular plate (68) to the right, a small rectangular plate (69) below that, a small rectangular plate (70) to the right, a small rectangular plate (71) below that, a small rectangular plate (72) to the right, a small rectangular plate (73) below that, a small rectangular plate (74) to the right, a small rectangular plate (75) below that, a small rectangular plate (76) to the right, a small rectangular plate (77) below that, a small rectangular plate (78) to the right, a small rectangular plate (79) below that, a small rectangular plate (80) to the right, a small rectangular plate (81) below that, a small rectangular plate (82) to the right, a small rectangular plate (83) below that, a small rectangular plate (84) to the right, a small rectangular plate (85) below that, a small rectangular plate (86) to the right, a small rectangular plate (87) below that, a small rectangular plate (88) to the right, a small rectangular plate (89) below that, a small rectangular plate (90) to the right, a small rectangular plate (91) below that, a small rectangular plate (92) to the right, a small rectangular plate (93) below that, a small rectangular plate (94) to the right, a small rectangular plate (95) below that, a small rectangular plate (96) to the right, a small rectangular plate (97) below that, a small rectangular plate (98) to the right, a small rectangular plate (99) below that, a small rectangular plate (100) to the right.
