This exploded view diagram illustrates the assembly of a mechanical device, likely a pump or motor. The components are numbered as follows:

- 1**: Main cylindrical housing.
- 2**: Small circular cap or plug.
- 3**: Small circular component, possibly a seal or gasket.
- 4**: Small circular component, possibly a seal or gasket.
- 5**: Large circular component, possibly a cover or end plate.
- 6**: Small circular component, possibly a seal or gasket.
- 7**: Small circular component, possibly a seal or gasket.
- 8**: Small circular component, possibly a seal or gasket.
- 9**: Small circular component, possibly a seal or gasket.
- 10**: Small circular component, possibly a seal or gasket.
- 11**: Small circular component, possibly a seal or gasket.
- 12**: Small circular component, possibly a seal or gasket.
- 13**: Small circular component, possibly a seal or gasket.
- 14**: Small circular component, possibly a seal or gasket.
- 15**: Small circular component, possibly a seal or gasket.
- 16**: Small circular component, possibly a seal or gasket.
- 17**: Small circular component, possibly a seal or gasket.
- 18**: Small circular component, possibly a seal or gasket.
- 19**: Small circular component, possibly a seal or gasket.
- 20**: Small circular component, possibly a seal or gasket.
- 21**: Small circular component, possibly a seal or gasket.
- 22**: Small circular component, possibly a seal or gasket.
- 23**: Small circular component, possibly a seal or gasket.
- 24**: Small circular component, possibly a seal or gasket.
- 25**: Small circular component, possibly a seal or gasket.

The diagram shows the relative positions and assembly sequence of these parts, with arrows indicating the direction of assembly. A central vertical line serves as a reference for the main axis of the assembly.

This diagram shows an exploded view of a mechanical assembly. The components are numbered as follows:

- 1**: A large cylindrical housing or bellows.
- 2**: A small circular cap or plug.
- 3**: A small circular cap or plug.
- 4**: A small circular cap or plug.
- 5**: A small circular cap or plug.
- 6**: A small circular cap or plug.
- 7**: A small circular cap or plug.
- 8**: A small circular cap or plug.
- 9**: A small circular cap or plug.
- 10**: A small circular cap or plug.
- 11**: A small circular cap or plug.
- 12**: A small circular cap or plug.
- 13**: A small circular cap or plug.
- 14**: A small circular cap or plug.
- 15**: A small circular cap or plug.
- 16**: A small circular cap or plug.
- 17**: A small circular cap or plug.
- 18**: A small circular cap or plug.
- 19**: A small circular cap or plug.
- 20**: A small circular cap or plug.
- 21**: A small circular cap or plug.
- 22**: A small circular cap or plug.
- 23**: A small circular cap or plug.
- 24**: A small circular cap or plug.
- 25**: A small circular cap or plug.

The diagram illustrates the assembly sequence and the relative positions of these parts. A central cylindrical component (1) is surrounded by various caps (2-25) and a small assembly (14-16). A large circular component (11) is also shown. The parts are arranged in a way that shows their relationship to the main assembly.
