This exploded view diagram illustrates the components of a vehicle lighting assembly. The main body (1) is a rectangular housing with a lens (4) and a reflector (5). A bulb (10) is shown being inserted into the housing. A wiring harness (13) is connected to the assembly. A switch (12) is shown separately. A mounting bracket (14) is shown with a bolt (15) and a nut (16). A lens cap (17) is shown with a screw (18). A lens cap (19) is shown with a screw (20). A lens cap (21) is shown with a screw (22). A lens cap (23) is shown with a screw (24). A lens cap (25) is shown with a screw (26).

This diagram shows an exploded view of a mechanical assembly. The components are numbered as follows: 1 (a small rectangular plate), 2 (a central pivot or connector), 3 (a small circular component), 4 (a rectangular plate with a central hole), 5 (a small circular component), 6 (a small rectangular plate), 7 (a rectangular plate with a central hole), 8 (a small rectangular plate), 9 (a small rectangular plate), 10 (a small rectangular plate), 11 (a small rectangular plate), 12 (a rectangular plate with a central hole), 13 (a small rectangular plate), 14 (a small rectangular plate), 15 (a small rectangular plate), 16 (a small rectangular plate), 17 (a small rectangular plate), 18 (a small rectangular plate), 19 (a small rectangular plate), and 20 (a small rectangular plate). The diagram illustrates the spatial relationship and assembly sequence of these parts, with dashed lines indicating alignment and fit.

This exploded view diagram illustrates the assembly of a portable electronic device. The components are numbered as follows:

- 1**: Main rectangular housing with two circular openings.
- 2**: Small circular component, likely a lens or filter, positioned below the housing.
- 3**: Small circular component, likely a lens or filter, positioned above the housing.
- 4**: Small circular component, likely a lens or filter, positioned below the housing.
- 5**: Small circular component, likely a lens or filter, positioned below the housing.
- 6**: Small circular component, likely a lens or filter, positioned below the housing.
- 7**: Small circular component, likely a lens or filter, positioned above the housing.
- 8**: Small circular component, likely a lens or filter, positioned below the housing.
- 9**: Small circular component, likely a lens or filter, positioned below the housing.
- 10**: Small rectangular component, likely a lens or filter, positioned below the housing.
- 11**: Small rectangular component, likely a lens or filter, positioned below the housing.
- 12**: Small rectangular component, likely a lens or filter, positioned below the housing.
- 13**: Small rectangular component, likely a lens or filter, positioned below the housing.
- 14**: Small rectangular component, likely a lens or filter, positioned below the housing.
- 15**: Small rectangular component, likely a lens or filter, positioned below the housing.
- 16**: Small rectangular component, likely a lens or filter, positioned below the housing.
- 17**: Small rectangular component, likely a lens or filter, positioned below the housing.
